"GOOD ENOUGH" IS NOT ENOUGH AT CAPTIVATING IMAGES

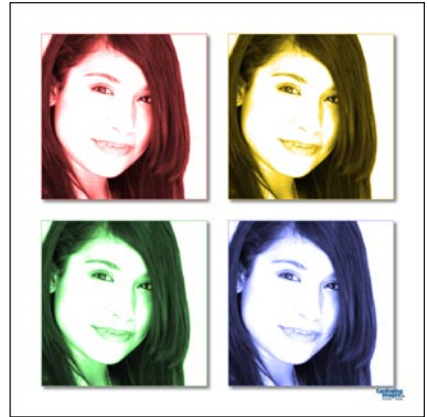

It's your senior year and you deserve the very best! We know what seniors want and we use cutting edge technology with classic techniques to produce the highest quality senior portraits around. This combination makes our senior portraits stand out as something above the ordinary. Multiple backgrounds, props, and a one acre portrait garden will give you the indoor and outdoor looks that will make your portraits unique.

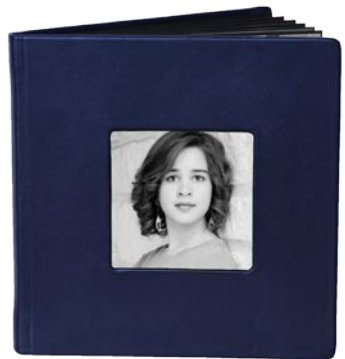

We're so sure that you will love your senior portraits, that we can afford to offer you this guarantee: If for any reason, you are not satisfied with your portraits, we will re-make your portraits or re-shoot your portrait session at no additional expense to you. If you are still not satisfied, you will receive a full refund.

Deluxe Portrait Album

This brochure was designed to help you plan your session so you look your best, feel comfortable during your session, and get the senior portraits you want. If you have any questions, please feel free to contact us by phone or e-mail. In this brochure, you'll find lots of great tips on how to make your senior session go smoothly. We encourage you to come in prior to your session for a consultation to discuss clothing, session ideas and styles. We look forward to seeing you soon! And thanks again for choosing Captivating Images.

What You Should Wear When you are choosing outfits for your senior session, try to remember that we want to make you the focus of your portrait, not the clothes. Keep the following tips in mind when making your clothing selections.

Clothing color Choose solid color clothing when possible. Stripes, bold prints and patterns look busy and distracting in portraits and draw attention away from your face.

It's best to keep the lights with the lights and the darks with the darks. If you are wearing dark jeans or pants, then try to pick out a darker shirt or sweater, and vice versa. Avoid strong contrast between the top and bottom of your outfits. This keeps the attention on your face, not your clothes. Wrinkles, rips and stains will show in your portraits. We may be able to fix some of these problems with artwork, but there may be additional charges.

Try a little variety If you are doing a session with three outfits, don't bring three pairs of blue jeans and three T-shirts. Pick a variety of looks - casual, dressy and anything in between. If you aren't sure what to bring, toss in a few extra things and we will help you choose what will work best. If you or your parents would like portraits of you in a cap & gown, that will count as one of your outfits. Just let us know so we can make sure we have your school colors. Guys, don't forget a white shirt and a tie to go under the gown.

Difficult clothing to photograph Very short skirts or shorts or clothing that is too tight *will limit* the kinds of poses we are able to do.

Looking thinner Tank tops or sleeveless outfits often make upper arms look heavier than they really are. Darker colors are more slimming than white or other light colors. For some problem areas, it is possible that "Body Sculpting" may be the answer. Body Sculpting is an artwork option that is available for an additional charge.

Don't forget your feet Your feet will probably show in some of the poses, so make sure your shoes and socks coordinate with your outfits. Bare feet, however, look great in casual portraits. Guys, remember to bring dark shoes and socks if you plan on wearing a suit or dark clothing.

Most importantly -- Bring clothes you like! If you like what you're wearing, you'll love your portraits!

Remember your accessories As you plan your wardrobe for your session, don't forget about jewelry, hats, belts, shoes, etc. Showing tatoos, wearing sunglasses, piercings, watches and bracelets are all fine if you feel they are part of your look. Of course some parents might not share your opinion about these things, so be prepared to remove them or cover them up for some of the portraits.

Bring some props Do you have a pet? Are you involved in sports, band, cheerleading or any other school activity? Bring your pet, sports gear, letter jacket, musical instruments, car, etc. Got a hobby or do you collect stuff? Whatever you're into, bring it on! These are your senior portraits and they should reflect who you are.

Some for you, some for Mom You like serious, Mom likes big smiles -- No Problem! We will capture a variety of poses and expressions so everyone gets what they want. How about fun & funky for you and more traditional shots for Mom & Dad?! We recommend that you and your parents discuss your wardrobe, and get the look you want, prior to your session.

Makeup If you usually wear makeup, you'll want to wear some for your portraits, but don't overdo it. Also, avoid glitter makeup because it leaves little white dots on your skin in the portraits. Bring some translucent powder in case you get shiny and your lipstick or other make up in case you need a little touch-up.

Hair Most seniors are picky about their hair, and we like it that way! We do our best during the session to make sure your hair looks good, but ultimately your hair is your responsibility. Make sure you check your hair each time you change clothes. If you plan on getting your hair cut or colored, try to do it about 2 weeks before your session. This will give you time for your hair to lose that "just cut" look or to reschedule your session if you end up getting a bad cut or unexpected color. If you color your hair, don't forget to touch up your roots.

Those Dreaded Zits Most Seniors have them, but your Senior Portraits won't!! All of our portraits include retouching to remove blemishes. If you wear makeup, using a little cover-up will help.

Braces If you wear braces right now, they're as much a part of you as your hairstyle or the clothes you wear. Don't be self-conscious about smiling! A beautiful smile is always best whether you have braces or not. If you don't like your braces in your portraits, they can be removed for an additional charge.

Glasses If you wear glasses all the time, you'll probably want to wear them for your portraits. We do our very best to avoid glass glare, but sometimes there's just not much we can do. You might be able to have your optician remove the lenses from the frames or let you borrow empty frames for your session. Removing glass glare from your portraits may require additional artwork.

Suntan Don't spend too much time in the sun or the tanning bed just before your session. It's almost impossible to fix a sunburned or peeling skin. Tan lines from swimsuits or tank tops can be corrected at an additional cost.

Policies and Terms

Sessions Full payment of your session fee is required to reserve your session appointment time. We accept Mastercard, Visa and Discover. If you are paying for your session by check, it must be received within four business days after calling to schedule your session. If for some reason you have not already paid for your session, please make arrangements to do so as soon as possible. We can not hold your session time without payment.

Presentation & Ordering Your Presentation & Ordering appointment will take place about a week after your session. If you have not scheduled this appointment, please call the studio to schedule it as soon as possible. Our appointment times fill up quickly and we want to make sure you don't have to wait to see your portraits! It is very important to make sure that any and all decision makers are present at the Presentation & Ordering appointment since you will be placing your portrait order and paying for it that day. We only schedule one presentation per session, but if necessary, an additional presentation appointment is available for \$30. Portrait orders are paid in full when the order is placed. No part of any portrait order will be delivered without full payment.

Rescheduling At Captivating Images, we work by appointment only -- setting aside special, uninterrupted time for our clients. If you need to reschedule or cancel an appointment, please be courteous and contact us at least two days prior to the appointment. Cancelling or rescheduling an appointment after that, or missing an appointment will result in a \$30 re-scheduling fee. If you cancel your portrait session appointment and do not reschedule within three months of the original session date, your session fee will be forfeited.

Framing We offer a wide variety of custom and ready-made framing options carefully chosen to compliment our portrait styles. If you are interested in a frame for your wall portrait, we will be happy to assist you with your selection. All of our framing is done in house.

Delivery Your portraits will be ready approximately 3 weeks after you place your order. We will call to let you know they are ready and to set a time for you to pick them up. No part of any portrait order will be delivered without full payment. Prices are subject to change without notice.

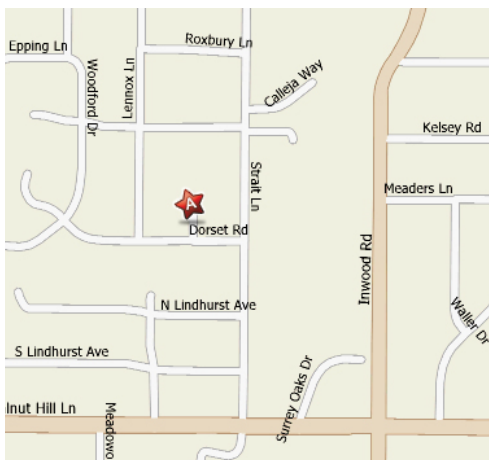

Copyright In 1976, the Federal Government passed a law making it illegal to copy materials protected by copyright, including professional photography. This enables our profession to grow and provide better images for those who appreciate fine portraits.

Captivating Images invests heavily in training, education, and equipment to provide you with the highest quality photography. The quality found in each of your portraits cannot be duplicated or copied without loss of sharpness, color, and clarity. Such a loss would reflect poorly on the reputation of our studio, sometimes at a higher price than we charge. Captivating Images has reserved the copyright on each portrait we create. When you book an appointment here, you agree not to copy your portraits. We agree to provide you with our best efforts and advice, and to work within your budget.

We appreciate your understanding and cooperation in helping us maintain the integrity and professionalism you have come to expect from Captivating Images.

Session Checklist:

- Make sure your session fee is paid if you haven't done so already.
- Pick out your clothing in advance to make sure everything is coordinated (consult the clothing guide in this booklet).
- Plan your travel time to arrive 10-15 minutes before your session.
- For your wall portraits, decide in advance where they will hang and then measure the area. Make out a list of sizes for your other portrait needs, such as gifts, before you come in for your Presentation & Ordering appointment.
- Don't forget -- this brochure has a map to our studio!
- We know you are going to have a good time. Some people are nervous at first, but you'll soon see that at Captivating Images, our relaxed style will put you at ease so that you can look your very best!
